Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements were prepared in accordance with Canadian Accounting Standards for not-for-profit organizations (ASNPO).

Financial instruments policy

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealized gains and losses reported in income. All other financial instruments are reported at amortized cost, and tested for impairment at each reporting date. Transaction costs on the acquisition, sale or issue of financial instruments are expensed when incurred.

Cash and cash equivalents policy

Cash includes regular bank accounts as well as investment related cash accounts.

Loans receivable

Interest income is recorded on an accrual basis. The company ceases to accrue interest on doubtful loans.

An allowance for doubtful loans is determined in the following manner:

Loans in Default - If there is significant doubt as to the ultimate collection of principal, a specific provision is established at a level sufficient to provide for the estimated impairment of the loan principal.

The establishment of the allowance for doubtful loans relies on the judgment of management, on historical precedent and expectations as to the future collections. It is reasonably possible that changes in future conditions could require a material change in the recognized amount of the allowance for doubtful loans.

Community Futures Development Corporation of Okanagan Similkameen follows the restricted method of accounting for contributions.
